Adaptive USPs

- **Proven capabilities** – Adaptive has successfully completed over 300+ business analysis and requirements engineering workshops. Our BA trainers come with cumulative experience of 100+ person-years. Adaptive has significant expertise in helping clients in their business analysis and requirements engineering competency development. Adaptive has been associated with the world's largest paints manufacturing company for improving their business analysis and requirements engineering competency.
- **Excellent feedback** – Adaptive workshops have received excellent feedbacks. Customer feedbacks are available at <https://AdaptiveUS.com/googlereview>
- **Success Rate** – We have certified 300+ professionals for CBAP, while maintaining a 97+% success rate. Rest assured, you are with the best hands to succeed in the very first attempt.
- **Practitioners who train** – All Adaptive trainers are practicing business analysts who have shaped the industry, been authors of BABoK and have written CBAP, CCBA exam questions. They have implemented and have been practicing BA concepts for improving BA competency for their clients for more than 20 years. All of them are proficient in requirements engineering activities and tools and are CBAP® certified.
- **Personalized attention** – With Adaptive, you are assured of personalized attention from every member in Adaptive. We take pride in the fact that almost all our clients have come back repeatedly to us for their services.
- **Focused CBAP question discussion to enable passing in the first take** – We spend 720+ mins in only preparing students for questions. This is where the trainer discusses knowledge-based questions with students, highlighting each word of the question and its importance and what role it plays in arriving at the final answer, which is crucial from the exam preparation perspective.

This helps students a great deal in improving their understanding for answering questions and relating them to BABoK.

- **BA eLearnings** - Adaptive has developed eLearnings on business analysis and requirements engineering concepts for continuous learning.
- **Accreditations** - Adaptive is an endorsed Education Provider for International Institute of Business analysis (www.iiba.org), Canada.

Studying at Adaptive US was a very good choice I made. They had so much resources that I could study with that were so overwhelming at first but those resources were what equipped me fully to take the CBAP exam just 1 month after completing my classes! Their customer service is also top notch! Thank you Adaptive!!! Keep doing what you do! You guys are amazing at it!

Highest recommendation for Adaptive US Inc! Their CCBA and CBAP courses were fundamental for me passing both exams on the first attempt. Adaptive offers online, instructor-led, interactive courses that engage the students, offer insights, and tips and tricks to implementing the material taught - not just to pass the exam, but to use in real life. I have found myself using the knowledge from these courses on a daily basis, and have a great impact on the job. The instructors are very welcoming and warm. I have no doubt anyone taking any of the Adaptive courses will not only pass the exam but have an enjoyable, and almost epiphany-like time learning. BA has so much to offer any field. And Adaptive is the way to go :-)

The Adaptive practice questions are an excellent resource to prepare for the CBAP exam. I completed all their simulation tests twice and reviewed the Questions explanations to be sure my understanding was correct, and concepts were fresh in my mind before the exam. If you want to pass the first time, practice is the answer.

Special thanks to LN, Lora, Peter and entire Adaptive US team for their outstanding teaching techniques, excellent learning resources as well as unconditional support! I must say the training sessions not only helped me to achieve my CBAP certification, but have also helped me to become a better and effective BA at the workplace. No doubt this program is the best in market for all the BA's aspiring for IIBA certifications!
